

# میکرو سوئیچ امرن

## مدل Z-15GQ22-B

| Parameter             | Specification                    |
|-----------------------|----------------------------------|
| Model Number          | Z-15GQ22-B                       |
| Manufacturer          | OMRON                            |
| Product Type          | Micro Switch (Basic Switch)      |
| Actuator Type         | Panel mount roller plunger       |
| Contact Configuration | SPDT (1NO + 1NC)                 |
| Terminal Type         | Screw terminals                  |
| Rated Current         | 15 A (AC)                        |
| Contact Resistance    | Max. 15 mΩ                       |
| Insulation Resistance | Min. 100 MΩ at 500 VDC           |
| Dielectric Strength   | 1,000 VAC, 50/60 Hz for 1 minute |
| Ambient Temperature   | -25°C to +80°C (no freezing)     |
| Ambient Humidity      | 35% to 85% RH (non-condensing)   |
| Enclosure Protection  | IP00                             |
| Standard Compliance   | UL, CSA, CCC, EN/IEC             |
| Contact Gap           | 0.5 mm (standard)                |
